INFORMATION INFORMATION INFORMATION INFORMATION

Songs must be 5 minutes or less in length, have only clean language
You will need to provide a CD or an MP3 file with a recording of the Karaoke backings you will be using. Your backing track may NOT have lead vocals but may have back-up vocals.

We expect participants to remember this is a family oriented event when choosing songs, movements and clothes for the day of the event.

We suggest you treat this as a true performance and memorize your song. As you will be providing the backing track there will be no TV with words for you to read.

You will be evaluated on:

- Musicality: Timing, Pitch and Phrasing 0-10
- Vocal Quality and Match to the song you have chosen (this does NOT mean you need to sound like the original but that you sound GOOD singing this song) 0-10
- Stage Presence: How do you interact with the crowd while singing, show you feel the music and demonstrate comfort with performing. 0-10

Total maximum points 30

The three highest scorers will be asked to perform in a sing off later on for 1st 2nd and 3rd places. They will receive prize baskets and a spot of fame on the Crossroads Facebook page!

ALL Participants will receive a DVD of their performance at a later date.
